By unifying the mind body and spirit through movement and breath, we connect to our own personal boundaries. As we work through dynamic and inspiring classes, we are able to overcome obstacles to achieve much deeper benefits of peace and prosperity within our lives.

By participating in the CommUNITY Classes, we are enhancing our surroundings through the avenues of karmic service. Serving organizations that do so much for Columbia, Missouri will benefit ourselves as we open the channels of giving and receiving. The ability to help organizations that research and resolve concerns of Cancer, Poverty, and the Environment will 100% revisit you within your life-time.
